REACH and RoHS Compliance Confirmation

Air Distribution Technologies, Inc. requires its suppliers to conduct their operations in a socially and environmentally responsible manner.

Further, Air Distribution Technologies, Inc. requires its suppliers to certify, warrant and guarantee to Air Distribution Technologies, Inc. that their products are in full compliance with all applicable laws and regulations, including but not limited to:

- Regulation No 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH),
- European Directive 2011/65/EU of the European Parliament and of the Council of 08 June 2011 on the restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS) including the four phthalates (DEHP, BBP, DBP and DIBP) restricted by Commission Delegated Directive (EU) 2015/863 of 31 March 2015 amending Annex II to Directive 2011/65/EU.

On these grounds, Air Distribution Technologies, Inc. presents that, to the best of its knowledge the product families:

- Venturi Valve VVxxxxxxxxx/JVxxxxxxxxx
- EcoAir Valve TExxxxx/JExxxxx

delivered by Air Distribution Technologies, Inc. comply with the latest updates in REACH and RoHS known at the time of signature.

However be aware that the REACH Regulation includes an obligation (Article 33) for suppliers of articles that they notify recipients if an article contains >0.1% of an SVHC.

So we inform you that based on our current knowledge, the products contain lead (CAS 7439-92-1) above 0.1% w/w.

The following ROHS exemptions have been applied:

Number	Description
6(c)	Copper alloy containing up to 4 % lead by weight
7(a)	Lead in high melting temperature type solders (i.e. lead-based alloys containing 85% by weight or more lead)
7(c)-I	Electrical and electronic components containing lead in a glass or ceramic other than dielectric ceramic in capacitors, e.g. piezoelectronic devices, or in a glass or ceramic matrix compound.
